SPRING 2024

Straight

FROM THE HELM

Fellow Boaters,

This morning, I looked at the calendar and was excited to see that spring is only XX days away. With the days getting longer, it makes me look forward to Summer days which are right around the corner.

Our teams have had a busy winter. We had a very successful Hartford Boat Show at Mohegan Sun, our Service Teams have been attending training for various brands to ensure we can service you boat quickly and efficiently.

New boat sales have continued to be strong, thanks for some aggressive rebates from our manufactures. If you're thinking of getting into a new boat for this summer, now is a great time to contact your salesperson to see if we can turn that dream into reality. Additionally, our re-power business has been a huge part of our winter season. Many engine manufactures are offering extended warranty promotions, as well as financing specials, which make now a great time to bring new life to your boat.

Our newly formed Canvas Division has been a great addition to our Organization. We recently added an embroidery machine as well and can custom make any canvas your boat may need.

Please take the time to contact Our Service Departments to schedule your spring commissioning if you haven't already. Before we know it, summer will be here!

As always, I personally want to thank you all for your continued business and loyalty. If there is anything I can do to enhance your boating experience, please don't hesitate to reach out to me.

See you on the Sound,

Paul Cusson

Adventures with

CAPTAIN DAN WOOD

By Janet Colandrea
Atlantic Outboard Marketing Department

In August, my family and I had the privilege of exploring Long Island Sound aboard Captain Dan Wood's Robalo R302. For three of us, it was our first fishing adventure! With the gentle Long Island Sound waves against the dock, Captain Dan greeted us. Our destination was where bluefish and striped bass roam in abundance. His knowledge of the Sound was evident as he guided us past scenic coastal landmarks. As we cruised towards the fishing spot, Captain Dan shared stories of past adventures as well as his wisdom gained from years spent on these waters.

His passion for fishing was infectious, fueling our excitement. Upon reaching our destination, Captain Dan wasted no time in putting us right over fish. With each tug and pull, the thrill intensified. After many tosses back, we were successful in catching dinner!

As we made our way back to Niantic, the sky glowed with hues of orange and pink. Our fishing trip with Captain Dan had exceeded all expectations, leaving us with cherished memories and a newfound appreciation for the beauty of Long Island Sound.
